NN GROUP NV HOLDS 3.46% OF EVS BROADCAST EQUIPMENT

Update of the notification of November 17, 2014 done by ING Groep NV

Pursuant to the Belgian Law of May 2, 2007 relating to the publication of major shareholdings, EVS Broadcast Equipment, the leading provider of live video production systems, announces that it has recently received a notification of NN Group NV, which now owns 470,770 shares, or 3.46% of the total number of voting rights of EVS.

The notification, received on June 1, mentions that:

- the threshold of 3% has been crossed on May 26, 2015;
- the shares are held as follows:

Owner of the voting right	# voting rights	% voting rights
NN Group NV	0	0,0%
ING Investment Management Belgium SA	470,000	3.45%
ING Fund Management BV	770	0.01%
Total	470,770	3.46%

This notification cancels the notification made for 3.02% in November 2014 by ING Groep NV. Indeed, per April 7, 2015, ING Fund Management BV name was changed to NN Investment Partners BV, and ING Investment Management Belgium SA name was changed to NN Investment Partners Belgium SA. Per May 26, 2015, ING Groep NV lost its predominant control in NN Group NV, as ING Groep NV's ownership in NN Group NV was reduced below 50% of NN Group NV's total issued shares/votes. Hence NN Group NV publishes its current holding as ultimate parent company.

Shareholders must declare their ownership in EVS shares as soon as their shareholding passes over/under the 3% threshold (required by Company Statutes) and any multiple of 5% thresholds (required by Belgian Law). Notifications of important shareholdings to be made according to the Law of May 2, 2007 and the EVS's bylaws, should be sent to the company (by email corpcom@evs.com or fax +32 4 361 7089) and to the FSMA. The current number of shares (denominator) to be taken into account is 13,625,000 shares.

About EVS

EVS provides its customers with reliable and innovative technology to enable the production of live, enriched video programming, allowing them to work more efficiently and boost their revenue streams. Its industry-leading broadcast and media production systems are used by broadcasters, production companies, post-production facilities, film studios, content owners and archive libraries around the globe. It spans four key markets – Sports, Entertainment, News and Media.

Founded in 1994, its innovative Live Slow Motion system revolutionized live broadcasting. Its reliable and integrated tapeless solutions, based around its market-leading XT server range, are now widely used to deliver live productions worldwide. Today, it continues to develop practical innovations, such as its C-Cast second-screen delivery platform, to help customers maximize the value of their media content.

The company is headquartered in Belgium and has 20 offices in Europe, the Middle East, Asia and North America. Approximately 500 EVS professionals sell its branded products in over 100 countries, and provide customer support globally. EVS is a public company traded on Euronext Brussels: EVS, ISIN: BE0003820371. For more information, please visit www.evs.com.
